Please join the Ryan Gordy Foundation for a

DAY OF WELLNESS

in partnership with Teen Cancer America

DID YOU KNOW?

Did you know that many doctors now believe that nutrition and a healthy diet play an important part in helping to improve outcomes for young cancer patients.

The Ryan Gordy Foundation is excited to announce their latest foundation initiative, a "Day of Wellness," in partnership with Teen Cancer America. The event will take place in Santa Monica, California on **Saturday, January 12, 2019.**

1 HEALTHY CHEFS

We're seeking chefs who specialize in healthy cuisine to take part in creating menus and take part in a cooking demo.

2 HEALTHY PRODUCTS

We're seeking donations to contribute products for wellness gift baskets to be given to Teen Cancer America participants.

3 WHAT YOU GET

The Ryan Gordy Foundation and Teen Cancer America will be reaching out to press for coverage. We'll mention your brand and include mention in all our press and marketing outreach.

THE DAY OF WELLNESS EVENT WILL HOST TEEN AND YOUNG ADULT CANCER PATIENTS AND SURVIVORS FOR A DAY OF HEALTHY MINDFULNESS ACTIVITIES AND NUTRITIONAL EDUCATION WITH TOP CHEFS.

The aim is to engage chefs and nutritionists in teaching young people and their families about how to make nutritious healthy food during and after treatment.

about brand manual

This brand guideline is a tool designed to protect the image, values, and reputation of the brand.

It is the cornerstone of all communication efforts and must be followed carefully to ensure a consistent style and quality of presentation.

Every employee is responsible for representing or maintaining the use of the brand.

*Design is the silent

logo identity

Final Logo

The QLT logo contains two elements: the QLT logo, and the text as a graphical element. These elements should never be changed. Position, size, and color, along with the spatial and proportional relationship of the logo elements, are predetermined and should not be altered.

GRAPHIC ICON

LOGOTYPE

Our logo is the touchstone of our brand and one of the most valuable assets. We must ensure its proper usage.

03

basic brand color

Color Using

The following palette has been selected for use in QLT communications. Lighter tints of these colors are also allowed, but the logo may only be used with a 100% tint.

The primary colors include a bright blue and bold all-American red that reinforce the spirit and pride of the company. The additional colors are a crisp white and steel gray to reinforce the engineering and professional side of our business.

Secondary Colors

Primary QLT Logo Colors

07

typography

Typeset

There are two fonts used to represent the QLT brand. The first is Cinzel Bold which is the signature used for the words Quality of Life. It is our logo. It should not be used anywhere else in our communication.

The second and primary font to be used is the Pro Sans family of fonts. This sans serif font is available in 17 weights, but we recommend to use just one weight family one 3 of them. The regular, bold and bold italic. This font family should be used in all QLT communications to protect a consistent visual identity. This includes promotional materials, advertising, digital assets, and printed materials.

promotional materials

When used on T-shirts, mugs etc. any of the approved logos can be used. The symbol may also be used separately from the lettering.

For the background use always white, QLT blue, and red, never on black. Other colors are not allowed.

design elements

Additional Design Elements

To add depth and texture to your presentations and communications, including flyers and reports, we recommend utilizing our background patterns that give a nod to our engineering ties.

Rules of Usage

If utilizing the lighter version, it is recommended you give it an opacity level of 20% or less and use both color copies.

If utilizing the darker blue version, you must allow white text/lines on top copy only.

What We Do:

The Quality of Life Plus Program (QL+), through unique partnerships with engineering schools at leading universities across the country, sponsors and directs a wide array of technology development projects aimed squarely at improving the quality of life for our nation's wounded veterans, active duty military, first responders, law enforcement and intelligence officers.

How We Do It:

QL+ recruits patriots with life-altering injuries from across the USA. QL+ works one-on-one with these patriots to understand the lifestyle limitations they endure as a result of their injuries. These men and women become "Challengers" in the QL+ Program. Leveraging our expertise in engineering, physical therapy, and program management, QL+ identifies specific obstacles in the Challenger's life that can be eased or overcome through the development of a custom assistive device or prosthetic modification. QL+ presents these projects or "Challenges" to our partner universities. Once accepted, QL+ connects the Challenger directly with the student team working his or her Challenge. Throughout the academic year, QL+ mentors, monitors, and supports this unique collaboration between the Challenger and the student team. At the conclusion of the academic year, the student team formally presents the completed assistive device or modified hardware to the Challenger for use in their daily life.

Where We Do It:

QL+ Headquarters is in McLean, Virginia just outside our nation's capital. Dedicated QL+ Laboratories or "Maker Spaces" are located on-campus at Cal Poly and the Colorado School of Mines. Established QL+ programs also operate at Virginia Tech, the University of Dayton, Xavier University, and the University of California at San Diego (UCSD).

A MESSAGE FROM GRANDPA...

I am honored and blessed to have shared 28 precious years with my dear grandson, Ryan Gordy... What an amazing journey! He inspired me with thoughts beyond his years: his love for others, life, and his commitment to a healthy life style.

He and I, together, have experienced what seems to be a lifetime of memories. We were truly a team, grandpa and grandson exploring together. Ryan loved to win - a bond we had in common. We played games of strategy: basketball, chess, and life. His character, integrity and honesty led him to talk the talk and WALK THE WALK. Always a fighter, even when he faced his biggest challenge in life, he never gave up. He never gave up!

Today we will celebrate that strength, that courage, that love, that infectious laughter he shared with us all.

I am so pleased that his mom, Anita, will carry on his legacy of health, wellness and love through the RYAN GORDY FOUNDATION.

Betty Gordy

A MESSAGE FROM OUR HOST

It's my pleasure to welcome you to the 1st Annual Ryan Gordy Foundation Wellness Golf Classic at Moorpark Country Club in honor of my nephew, Ryan.

Ryan was not only a beautiful person but also unique. He truly stood out from the pack for his integrity, character, radiance and Zen approach to life. What a gift he was, and is to the world. We aim to carry on his passion for helping others achieve their best life, through his foundation.

Your support of The Ryan Gordy Foundation through this tournament will help fulfill its mission and Ryan's dream of wellness education, universal health as well as raising funds for young adults facing the biggest challenge of their lives "cancer".

We look forward to you joining us for a wonderful and fun filled day of wellness, laughter and healthy competition on the links. You better bring your "K" game! There are a lot of gifts and prizes, it's going to be on!!!

Sincerely,

Betty Gordy IV

RYAN GORDY FOUNDATION TEAMS UP WITH TEEN CANCER AMERICA FOR A DAY OF WELLNESS AND OTHER HEALTH INITIATIVES.

THE RYAN GORDY FOUNDATION MISSION STATEMENT

The Ryan Gordy Foundation mission is to inspire people to live the best version of their lives. We do this through wellness campaigns, events, advocacy, healthy lifestyle, education and awareness.

WHERE THE PROCEEDS GO:

Since our inaugural celebration in 2017, Ryan Gordy Foundation has teamed up with Teen Cancer America to implement wellness days and other initiatives for those who are impacted by cancer. Cancer remains a major health challenge that affects the more than 1.8 million people diagnosed each year. It also remains the second most common cause of death in the United States. More than 70,000 young adults between the ages of 15-39 are diagnosed with cancer each year across the United States.

REASONS TO SUPPORT US:

- Ryan Gordy Foundation is a non-profit organization.
- Many teens in impoverished areas, right here in Los Angeles, lack resources for nutrition.
- Funds donated to Ryan Gordy Foundation are often matched by donors.

YOUR PARTICIPATION IN THE RYAN GORDY FOUNDATION WELLNESS GOLF CLASSIC WILL:

- Help to ensure that all young adults impacted by cancer are empowered by knowledge on ways to integrate wellness into their lives, strengthened by action and sustained by community.
- Educate and create awareness on healthy alternatives to ensure healthy speedy recovery.
- Provide multiple meal options for patients who are undergoing chemo treatment and those on assistance.
